Female Genital Mutilation (FGM) is illegal in England under the FGM Act 2003. There is a mandatory reporting duty which requires regulated health professionals and teachers to report 'known' cases of FGM to the police. 'Known' cases are those where either a girl informs the person that an act of FGM – however described – has been carried out on her, or where the person observes physical signs appearing to show an act of FGM has been carried out.	Contact the Police on 101 (in an emergency call 999) For a concern regarding FGM (rather than a 'known' case), please follow the usual safeguarding procedure by calling 0300 111 8007
